

## S3

### Strategic Services Source

#### **Contract No.: W15P7T-06-D-E401**

#### **Period of Performance: March 2006, to February 2011**

The Army Communications Electronics Life Cycle Management Command (C-E LCMC) depends on the S3 vehicle to maintain momentum on key Army command, control, communications, computers, intelligence, surveillance, and reconnaissance (C4ISR) capabilities. C-E LCMC's needs include:

- Continual access to highly qualified staff in both the continental United States (CONUS) and forward areas, such as Iraq and Afghanistan
- Technical and acquisition support to manage total life-cycle development, deployment, and sustainment over the full range of the C4ISR system
- Understanding of the relationships between Army C4ISR programs and programs managed by other branches or agencies that are critical to C-E LCMC's success
- Insight into C4ISR modularity and its impact on C4ISR total life-cycle planning
- Visibility and leverage of industry best practices
- Evolution of dynamic requirements to continue providing innovative tools and processes relevant to the current operational environment
- Smooth interaction with other key C4ISR partners
- Low-risk, well-understood methodology for moving to performance-based services

#### **Benefits and Features of S3**

- Single or Multiple Award: MA/IDIQ
- Task Order Type: Firm Fixed Price (FFP), Time and Materials (T&M), Cost Plus (CP)
- Who Is Authorized to issue Orders: Department of Defense and all federal agencies
- Ceiling: \$19.25 billion across the seven teams
- Rates/Labor Categories: Onsite and offsite rates available
- Ease of Contract Award & Modifications: Contracting officer's consent to add or delete subcontractors

Subcontracting Plan: Required at the contract level and may be required in individual task orders

#### **Why the Booz Allen S3 Team?**

Booz Allen combines a deep understanding of the client's mission and environment with expert services and an absolute commitment to client success. The firm's public sector work has significant impact—it enhances national security, economic well being, and the health and safety of countries around the world.

## S3

Booz Allen's breadth and depth stretches far beyond local office capabilities. Using our tremendous reachback, we can bring technical skill sets across the entire scope of the S3 effort. Our expansive team of subcontractors—each selected for their unique capabilities and depth across the requirements of the contract—and our commitment to meeting the small business participation requirement allows us to provide our clients with a value-added resource to help them accomplish their missions.

Booz Allen understands the environment in which government agencies must function. Our capabilities available through the C-E LCMC S3 contract allow clients to reach Booz Allen's comprehensive expertise quickly and accurately, anywhere in the world.

### S3 Services and Approach

#### The S3 Partnership offers:

- One-stop shopping for all strategic services
- Short lead times—delivery orders can be executed in days or weeks
- Flexibility—tasks may be ordered as either fixed price or time and materials
- A significantly shorter procurement process
- A pre-qualified firm (Booz Allen)
- Realized competition requirements
- Pre-negotiated rates that are fair and reasonable
- A specialized mix of services
- No fee for C4ISR clients

### Logistics Services:

- Integrated logistics support
- New equipment training (NET)
