

## Veterans Technology Services (VETS)

### General Services Administration Governmentwide Acquisition Contract (GWAC)

Period of Performance: February 1, 2007–February 1, 2012

The VETS GWAC offers federal agencies a new way to purchase comprehensive information technology (IT) solutions while, at the same time, achieving their small business goals. As a small business set-aside contract for service-disabled veteran-owned (SDVO) technology firms, VETS supports the goal of Executive Order 13360 to strengthen federal contracting opportunities for SDVO firms. The VETS GWAC is available for use by both federal civilian agencies and the Department of Defense by virtue of the GSA's designation as Executive Agent Designation by the Office of Management and Budget.

Booz Allen Hamilton, a global strategy and technology consulting firm, is a large business member of multiple small business teams. Our VETS teams consist of highly experienced and qualified members in every GSA region. The strong partnering relationships between Booz Allen and its primes ensure the staffing depth and expertise to handle a task of any size.

#### Benefits and Features of VETS include—

- Open to all Federal Government agencies worldwide
- Flexibility in contract types, including Fixed-Price, Time & Materials, Labor-Hour
- Ten-year multiple award/Indefinite delivery, indefinite quantity (5-year base, one 5-year option)
- \$5 billion contract ceiling
- Choice of 98 labor categories
- Reduced procurement lead times and administrative costs
- Federal agency assistance in meeting 3 percent goal for contracting with SDVO firms
- No dollar value limit on task orders

#### About Booz Allen

Booz Allen Hamilton has been at the forefront of strategy and technology consulting for more than 90 years. Providing a broad range of services in strategy, operations, organization and change, information technology, systems engineering, and program management, Booz Allen is committed to delivering results that endure.

## Veterans Technology Services (VETS)

---

### Delivery Solutions to VETS Customers

The Booz Allen VETS teams offer the full range of services under the contract, including both functional areas:

#### **Functional Area 1—Systems Operations and Maintenance**

#### **Functional Area 2—Information Systems and Engineering**

Together these areas cover support across the system lifecycle, including, but not limited to—

- Strategic IT Planning
- Architecture and Governance
- System & Software Design, Development, Engineering, and Integration
- IT Infrastructure
- IT Security
- Applications and Systems Support
- Training
- Business Process Reengineering
- Customer Relationship Management
- Disaster Recovery/Continuity of Operations Planning
- Other Specialty IT Solutions (e.g., Biometrics, Public Key Infrastructure)

Booz Allen and its small business teaming partners not only provide all the services offered under the VETS contract, they are strategically located to ensure complete work scope coverage—we have multiple team members in every GSA Region nationwide as well as team presence abroad. Your organization can rely on our experience as demonstrated by our proven record as the primary support contractors on enumerable major IT programs.
