We serve clients in the private and public markets. Increasingly, we are helping our clients solve complex problems that neither corporate nor government leaders can address alone, in such areas as healthcare, transportation, enterprise resilience, and outsourcing advisory services.

Our Experience in the Commercial Market

Booz Allen works with the world's leading corporations to enhance their long-term competitive advantage. The firm helps clients deal with multiple, seemingly conflicting objectives at the same time—reducing uncertainty and helping to manage risks by developing and implementing clear solutions. Booz Allen uses broad-based experience to help clients address their most critical issues, such as creating new organizational models, capturing value from their customer and channel strategies, increasing the effectiveness of their supply chains and assets, and integrating security into their strategy to ensure the resilience of their business.

Our Experience in the Government Market

Booz Allen works with government agencies, institutions, and infrastructure organizations worldwide, providing a broad range of management consulting, engineering, information technology, and systems development/integration services. Booz Allen combines a deep understanding of the client's mission and environment with expert services and an absolute commitment to client success. The firm's public sector work has significant impact—enhancing the national security, economic well-being, and health and safety of countries around the world.
