GAPSI currently provides services in fourteen (14) states throughout the United States. GAPSI has been very successful in the highly competitive marketplace. GAPSI is positioned for continued success in providing a wide range of talented professionals and technical expertise required to accomplish business-critical requirements.

SERVICES:

Consulting Services

Throughout Federal agencies, managers are seeking to improve organizational performance. In doing so, improving the core functions, such as maximizing and strategically aligning workforce, are critical to accomplishing organizational excellence. GAP Solutions Inc. (GAPSI) can assist with this process. Our Consultants and Experts have experience in a variety of organizational improvement functional areas. By working as a partner with our clients, we develop a thorough understanding of the as-is and work strategically to identify recommendations and areas for growth. With extensive experience in the federal market, GAPSI can provide a wide array of assistance. Our Consulting areas of expertise include:

- **Process and Organizational Analysis**
- **Workforce Development**
- **Strategic Workforce Planning**
- **Leadership Development**
- **Financial Analysis**
- **Program Analysis and Development**

Information Services

At GAP Solutions Inc. (GAPSI) we understand the need for qualified professionals to manage documents that include historical and personal data. GAPSI's first contract with the government was managing FOIA records within the Department of Interior. Because of this our experience and capabilities have grown over the years and we are able to provide services in the following areas.

- **Records Maintenance and Processing**
- **HR Records Management**
- **Records Database Development**
- **Records Storage**
- **Historical Records Management**
- **FOIA Processing**

Natural Resource Management Services

With an average of more than 25 years experience in natural resource conservation, our highly trained cadre of conservation professionals are ready to partner with your agency or organization to meet the challenges of today's complex world of natural resource management. Whether you are restoring habitat on-the-ground, navigating the intricacies of the OMB PART process, or engaging in sensitive policy development, the GAPSI team can provide high-quality, fast-turn around services to help you succeed.

- **Biological Services**
- **Grants Management Services**
- **Business Management Services**
- **Communication Services**

Operations Services

For the past seven (7) years GAP Solutions Inc. (GAPSI) has been providing operational support to both commercial and government clients. GAPSI has provided operational support to clients such as U.S. Department of State, Dewitt Army Hospital, U.S. Department of Interior, U.S. Fish and Wildlife Services and more. These services have included:

- **Training Support**
- **Facilities Management**
- **Training Center Operations**
- **Medical Call Center Support**
- **Human Resource Support**
- **Administrative Support**
- **Financial, Accounting and Procurement Support**

Training Services

Currently GAP Solutions Inc. (GAPSI) provides training services across the U.S. to several agencies including U.S. Department of State, NASA, and National Institutes of Health. Our work includes several aspects of training and development including administrative, logistical, technical, analytical and consulting in support of Human Resource Development and Foreign Service Diplomats.

- **Content Delivery**
- **Needs Analysis and Assessment**
- **Instructional System Design**
- **Curriculum Development**
- **Instructor Led**
