GENERAL INFORMATION

This requirement will provide support services for SPAWAR PEO Space Systems and the Communications Satellite Program Office, PMW 146 (MUOS) for acquiring program, business, financial, acquisition, and logistics management support services.

The incumbent contractor for this effort is Booz Allen Hamilton.

The following workload data is provided to assist you in estimating the price of this Task Order:

CLIN 1001: 30-35 Full-time Equivalents (FTE)

CLIN 1101: 30-35 Full-time Equivalents (FTE)

CLIN 1201: 30-35 Full-time Equivalents (FTE)

CLIN 4301: 30-35 Full-time Equivalents (FTE)

CLIN 4401: 30-35 Full-time Equivalents (FTE)

For estimating purposes, assume approximately 100% of effort at Contractor site. It is anticipated that only a few will be needed to be at Government site.

In Section B, contractors shall fill in their proposed costs (including all subcontractor labor costs) and Facilities Capital Cost of Money (FCCOM), maximum award fee (9% of burdened labor costs performed by the prime contractor only excluding FCCOM) and total in CLINs 1001, 1101, 1201, 4301, and 4401. These CLINs shall not include amounts for Other Direct Costs (ODC) and Travel.

There are no base fees and the minimum fees are 0%.

In Section B, contractors shall fill in the following fully-burdened amounts for the ODCs/Travel CLINs:

CLIN AMOUNT

3001 \$252,000

3101 \$250,000

3201 \$260,000

6301 \$270,400

6401 \$281,250

If the contractor fails to follow the mandatory fill-in listed above, the Government reserves the right to unilaterally modify the contractors proposal for CLINs 3001, 3101, 3201, 6301, and 6401 to reflect the amounts above. The Government also reserves the right to unilaterally increase these non-fee bearing efforts during the course of contract administration.

B-1 ADDITIONAL SLINS

Additional SLINs will be unilaterally created by the Contracting Officer during performance of this Task Order to accommodate the multiple types of funds that will be used under this Order.

B-2 ALLOTMENT OF FUNDS

- (a) This contract is incrementally funded with respect to both cost and fee.
- (b) The amounts presently available and allotted to this contract for payment of earned award fee, per clause B-3, are as follows:

ITEM(S) ALLOTTED TO AWARD FEE

1001 \$ --

- (c) The amount presently reserved under this contract for payment of award fee, if any, to be provided per clause B-3, are as follows:

ITEM(S) RESERVED AMOUNT

1001 \$****

*SEE ATTACHMENT 5 (for a table providing the incremental funding information that shall be updated whenever incremental funding is provided via modification)

The Contractor is not allowed to invoice against reserved award fee funds until the Procuring Contracting Officer issues a subsequent modification specifically authorizing payment of established award fee from these reserved funds.

- (d) The amounts presently available and allotted to this contract for payment of cost, subject to the FAR clause 52.232-22 "Limitation of Funds", the items covered thereby and the period of performance which it is estimated the allotted amount will cover are as follows:

ITEM(S) ALLOTTED TO COST PERIOD OF PERFORMANCE

1001*****

- (e) The parties contemplate that the Government will allot additional amounts to this contract from time to time by unilateral contract modification, and any such modification shall state separately the amounts allotted for cost and for fee, the items covered thereby, and the period of performance the amounts are expected to cover.

- (f) Item(s) _____ are fully funded and performance under such items is subject to FAR clause 52.232-20 "Limitation of Costs".

B-3 AWARD FEE DETERMINATIONS

(Applicable to CLIN 1001 and, if exercised, option CLINs 1101, 1201, 4301, and 4401)

- (1) The Contractor agrees to perform the following number of hours per CLIN and in accord with any technical instructions:

CLIN HOURS

1001 69,129

1101****

1201****

4301****

4401****

Only authorized hours and costs per CLIN be worked and within funds available thereunder.

(2) Award Fee evaluations will be conducted semiannually. The Government shall render its award fee determination within 45 days after the Contractor submits in writing to the Procuring Contracting Officer (PCO) that all costs have been billed for the period being evaluated.

(3) After an award fee determination is executed via contract modification, any additional hours and costs incurred during the evaluated period that are subsequently invoiced or reported shall not be fee-bearing.

(4) For award fee computational purposes only, hours incurred under these award-fee-bearing CLINs shall include:

- a. only labor efforts that have been contracted (i.e. priced, tracked, invoiced) on a hourly-basis;
- b. only labor hours not incurred as a result of travel to and from temporary work duty stations, unless work was performed by the employee during such transit time(e.g., working while on an airplane, or waiting in the airport); and

(5) An award fee is not guaranteed in part or in whole. The Government reserves the right to roll-over unused costs and the corresponding portion of unused award fee from one services CLIN to another services CLIN. Unearned award fee (i.e. award fee the Contractor was eligible to earn but did not) shall not rollover even to another CLIN.

(6) The Award Fee Board will assess the Contractor's performance during that period and will be composed of some or all the following individuals:

- Assistant Program Manager, Fee Determining Official (FDO)
- Procuring Contracting Officer (PCO) and/or Contract Specialist – Advisory only
- Other Government personnel as appropriately determined by the FDO and PCO

(7) The Fee Determining Official (FDO) will make the award fee determination by considering the evaluation by the Award Fee Board and by using independent judgment. An award fee determination is a unilateral decision made solely at the discretion of the FDO. Award fee payments are unilateral contract modification actions issued by the PCO.

(8) If requested by the FDO or PCO, the Contractor shall submit a written presentation and/or conduct an oral presentation of its performance during the most recently concluded evaluation period.

(9) The Award Fee Board will evaluate the Contractor's performance by assigning a score of zero ("0") or a score ranging from 50 to 100. Each score is given one of the corresponding descriptive terms described below (i.e. Unsatisfactory, Satisfactory, Very Good, or Excellent):

Unsatisfactory (Score: 0). An unsatisfactory grade indicates that, while the Contractor successfully completed the requirements of the authorized CLINs/SLINs, performance was below the satisfactory level. An unsatisfactory grade reflects some or all of the following: inefficient or ineffective performance (including types and hours of labor), results that may be unreliable or not valid, results add little or no value to program decision-making and/or outcomes, and poor subcontract management.

Satisfactory (Score 50-85). A satisfactory grade reflects some or all of the following: mostly efficient and mostly effective performance (including types and hours of labor), the results are somewhat reliable and valid, results add some value to program decision-making and/or outcomes, and adequate subcontract management.

Very Good (Score: 86-95). A very good grade is the expected, consistent baseline of performance and reflects all of the following: efficient and effective performance (including types and hours of labor), results are reasonably reliable and valid, results add value to program decision-making and/or outcomes, and good, proactive subcontract management.

Excellent (Score: 96-100). An excellent grade is considered to be exceptional and awarded infrequently,

reflects all of the following: very efficient and very effective performance (including types and hours of labor), results are very reliable with high validity, results add value that is vital to program decision-making and/or outcomes, and all traits in this rating description are reflected in the subcontract management as well.

(10) There are two evaluation periods per year. For CLIN 1001, two evaluations will take place over the 13-month period of performance, one after 6-months, the other after 13-months. Award fee payment amounts per evaluation shall be determined as follows:

a. The maximum award fee pool allowable shall be the number of incurred hours for the period multiplied by the estimated fee-per-hour for the CLIN. The estimated fee-per-hour is computed as the quantity of hours stated, in paragraph (1) of this clause, for such CLIN in Section B divided into the award fee pool listed for such labor CLIN in Section B. Hours incurred in excess of the hours specified for each CLIN in section B shall be non fee bearing.

b. The award fee pool is then multiplied by the performance score and then divided by 100.

c. For example, if the Contractor received a rating of 93, invoiced 8,000 hours, the labor CLIN hour quantity was 40,000, and labor CLIN award fee pool was \$500,000, then the award fee payment would be \$93,000 [(8,000 X (\$500,000 / 40,000 hrs.)) X 93 / 100].

(11) Award Fee determinations made per this clause are independent of any Task Order Performance Evaluation (TOPE) generated per clause C-2 QUALITY ASSURANCE PLAN. Award Fee determinations and the basis for such determinations may be provided as input to the Contractor Performance Assessment Report System (CPARS).

SECTION C DESCRIPTIONS AND SPECIFICATIONS

C-1 SPECIFICATIONS/STATEMENT OF WORK (DEC 1998) (SPAWAR C-301)

Work under this contract shall be performed in accordance with Attachment No. 1 Performance Work Statement (PWS) and Attachment No. 2 Contract Data Requirements List (CDRL).

C-2 QUALITY ASSURANCE PLAN

(1) Objective: The purpose of this plan is to provide a quality assurance plan for the services contracted under this Task Order. This plan provides a basis for the Task Order Manager (TOM) to evaluate the quality of the contractor's performance. The oversight provided for in this plan, and the remedy established, will help ensure that service levels are of high quality throughout the task order term.

(2) Performance Standards:

- a. The deliverables under this task order will be consistently technically accurate.
- b. The services delivered under this task order will be consistently of high quality.
- c. The contractor's cost control efforts under this task order will be consistently effective (applicable to cost reimbursement task orders).
- d. The contractor will be consistently responsive to Government customers in its performance of this task order.
- e. For the purposes of this plan, "consistently" is defined as "generally holding true", "persistently over time", and/or "overall uniformly".

(3) Evaluation Methods: The TOM will conduct performance evaluations based the standards in paragraph 2 above using the following technique:

- a. During the performance period of the task order, the TOM will continually and proactively monitor contractor efforts and obtain input from other Government personnel with performance oversight functions to ascertain the level of compliance with the Performance Standards.
- b. Every 12 months after the effective date of the task order, the TOM will prepare a Task Order Performance Evaluation (TOPE) documenting the results of the efforts performed under paragraph 3.a. above.
- c. The TOM will upload the TOPE to the SeaPort Portal.

(4) Remedy

- a. If the annual Performance Evaluation indicates that the contractor has not met one or more of the Performance Standards, the following negative remedy becomes effective: the TOM will submit a negative TOPE on the SeaPort Portal for the applicable Performance Standard.
- b. This is a significant negative remedy as the TOPE is a key part of the Performance Monitoring process which:
 - i. Provides input to the annual Contractor Performance Assessment Report (CPAR); and
 - ii. Determines the contractor's ability to earn term extensions to its basic SeaPort-e contract in accordance with the Award Term provisions contained therein.

C-3 SECURITY REQUIREMENTS (DEC 1999) (SPAWAR C-313)

The work to be performed under this contract as delineated in the DD Form 254, Attachment No. 3, involves access to and handling of classified material up to and including SECRET.

C-4 WORKWEEK (DEC 1999) (SPAWAR C-315)

(a) All or a portion of the effort under this contract will be performed on a Government installation. The normal workweek for Government employees at SPAWARSYSCOM is Monday – Friday 0800 to 1630 hours. Work at this Government installation, shall be performed by the contractor within the normal workweek unless differing hours are specified on the individual task orders. Following is a list of holidays observed by the Government:

Memorial Day Last Monday in May

Independence Day 4 July

Labor Day First Monday in September

Columbus Day Second Monday in October

Veteran's Day 11 November

Thanksgiving Day Fourth Thursday in November

Christmas Day 25 December

(b) If any of the above holidays occur on a Saturday or a Sunday, then such holiday shall be observed by the Contractor in accordance with the practice as observed by the assigned Government employees at the using activity.

(c) If the Contractor is prevented from performance as the result of an Executive Order or an administrative leave determination applying to the using activity, such time may be charged to the contract as direct cost provided such charges are consistent with the Contractor's accounting practices.

(d) This contract does not allow for payment of overtime during the normal workweek for employees who are not exempted from the Fair Labor Standards Act unless expressly authorized by the Ordering Officer. Under Federal regulations the payment of overtime is required only when an employee works more than 40 hours in a normal week period.

C-5 NOTICE TO CONTRACTOR OF CERTAIN DRUG DETECTION PROCEDURES (DEC 1999) (SPAWAR C-317)

(a) Pursuant to Navy policy applicable to both Government and contractor personnel, measures will be taken to prevent the introduction and utilization of illegal drugs and related paraphernalia into Government Work areas.

(b) In furtherance of the Navy's drug control program, unannounced periodic inspections of the following nature may be conducted by installation security authorities:

(1) Routine inspection of contractor occupied work spaces.

(2) Random inspections of vehicles on entry or exit, with drug detection dog teams as available, to eliminate them as a safe haven for storage of or trafficking in illegal drugs.

(3) Random inspections of personnel possessions on entry or exit from the installation.

(c) When there is probable cause to believe that a contractor employee on board a naval installation has been engaged in use, possession or trafficking of drugs, the installation authorities may detain said employee until the employee can be removed from the installation, or can be released to the local authorities having jurisdiction.

(d) Trafficking in illegal drug and drug paraphernalia by contract employees while on a military vessel/installation may lead to possible withdrawal or downgrading of security clearance, and/or referral for prosecution by appropriate law enforcement authorities.

(e) The contractor is responsible for the conduct of employees performing work under this contract and is, therefore, responsible to assure that employees are notified of these provisions prior to assignment.

(f) The removal of contractor personnel from a Government vessel or installation as a result of the drug offenses shall not be cause for excusable delay, nor shall such action be deemed a basis for an equitable adjustment to price, delivery or other provisions of this contract.

C-6 EXEMPTION FROM ELECTRONIC AND INFORMATION TECHNOLOGY ACCESSIBILITY REQUIREMENTS (JUN 2001) (SPAWAR C-719)

(a) The Government has determined that the following exemption(s) to the Electronic and Information Technology (EIT) Accessibility Standards (36 C.F.R. § 1194) are applicable to this procurement:

The EIT to be provided under this contract has been designated as a National Security System.

The EIT acquired by the contractor is incidental to this contract.

The EIT to be provided under this contract would require a fundamental alteration in the nature of the product or its components in order to comply with the EIT Accessibility Standards.

The EIT to be provided under this contract will be located in spaces frequented only by service personnel for maintenance, repair, or occasional monitoring of equipment.

Compliance with the EIT Accessibility Standards would impose an undue burden on the agency.

The EIT to be provided under this contract is purchased in accordance with FAR Subpart 13.2 prior to January 1, 2003.

(b) Notwithstanding that an exemption exists, the Contractor may furnish supplies or services provided under this contract that comply with the EIT Accessibility Standards (36 C.F.R. § 1194).

SECTION H SPECIAL CONTRACT REQUIREMENTS

H-1 SEGREGATION OF COSTS (DEC 2003) (5252.232-9206)

(a) The Contractor agrees to segregate costs incurred under this task order at the lowest level of performance, either task or subtask, rather than on a total task order basis, and to submit invoices reflecting costs incurred at that level. Invoices shall contain summaries of work charged during the period covered, as well as overall cumulative summaries by labor category for all work invoiced to date, by line item, task or subtask.

(b) Where multiple lines of accounting are present, the ACRN preceding the accounting citation will be found in attached Financial Accounting Data (FAD) sheet. Payment of Contractor invoices shall be accomplished only by charging the ACRN that corresponds to the work invoiced.

(c) Except when payment requests are submitted electronically as specified in the clause at DFARS 252.232-7003, Electronic Submission of Payment Requests, one copy of each invoice or voucher will be provided, at the time of submission to DCAA, to the Task Order Manager.

H-2 DATA RIGHTS (RESTATED FROM BASIC CONTRACT)

The following clause restates the Data Rights clause in the basic contract. The requirements of this clause are invoked for this task order:

A. Task Order Intellectual Property Deliverable Restrictions. For each task order to be issued under the contract, the Contractor shall identify, prior to award of the affected task order(s) to the best of its ability, noncommercial and commercial technical data and computer software that it intends to deliver with restrictions on the Government's right to use, release or disclose such identified technical data and/or computer software (see DFARS 252.227-7017). The Government further requires that the Contractor identify, prior to award of affected task order(s), background inventions that will be embodied in items, components, processes, technical data, computer software or computer software documentation developed or delivered under the task order. To identify such technical data, computer software and background inventions, the Contractor shall submit the following three lists:

1. Noncommercial Computer Software and Technical Data. The Government desires appropriate rights in all noncommercial technical data and noncommercial computer software developed or delivered under each task order. The Contractor shall identify all asserted restrictions on the Government's license rights in such data and software, pursuant to paragraph (e) of the clauses at DFARS 252.227-7013 ('7013) and DFARS 252.227-7014 ('7014). The '7013 and the '7014 clauses shall govern the format and content of the Contractor's assertions of software and data restrictions for each task order. The Contractor may combine the '7013(e) and the '7014(e) post-award lists into a single list, as long as the technical data items can be clearly distinguished from the computer software items. The Contractor shall submit the post-award assertions to the Task Order Contracting Officer as soon as practicable before the scheduled delivery of the relevant data and/or software. The Contract shall update the post-award assertions as necessary during performance of the task order to ensure that the list is accurate before making final delivery of data or software under the task order.

2. Commercial Computer Software and Technical Data. For each task order, the Contractor shall identify all

asserted restrictions on the Government's license rights in commercial computer software and commercial technical data. To identify such restrictions, the Contractor shall submit a Commercial Restrictions List, dated and signed by an official contractually authorized to obligate the Contractor, as an attachment to the affected task order. The format of the Commercial Restrictions List shall be substantially same as the format set forth in DFARS 252.227-7017(d). The Commercial Restrictions List shall include the assertions of the Contractor's subcontractors or suppliers or potential subcontractors or suppliers. For each entry in the Commercial Restrictions List which indicates that the asserted rights category is a special license or the license customarily provided to the public, the Contractor shall attach to the Commercial Restrictions List a copy of such license, except that if any particular license is identified as applying to more than one such entry, only one copy of that license need be provided. The Contractor shall update the Commercial Restrictions List as necessary during performance of the task order to ensure that the list is accurate before making final delivery of data or software under the task order.

3. Background Inventions. For each task order, the Contractor shall provide an identification and licensing list to the Government, that identifies all inventions (background inventions), other than subject inventions, disclosed in any patents or pending patent applications in which the Contractor has:

(a) any title, right or interest; and

(b) intends to include in any Items, Components or Processes developed or delivered under the affected task order, or that are described or disclosed in any Technical Data, Computer Software or Computer Software Documentation developed or delivered under the affected task order. For each background invention, the list shall identify:

(a) patent or pending patent application number;

(b) title of the patent or pending patent application;

(c) issue date of the patent, or filing date of the pending patent application;

(d) the Item, Component, Process, Technical Data, Computer Software or Computer Software Documentation that will include or disclose the background invention;

(e) the nature of the Contractor's right, title or interest in the background invention;

(f) if the Government or any third part has any right, title or interest in the background invention; and

(g) if the Contractor is willing to sell the Government a license to practice the background invention.

The list shall be an attachment to the affected task order, and the Contractor shall update the list, as necessary, during performance of the task order to promptly identify all background inventions.

B. Delivery of Noncommercial Computer Software and Technical Data. Unless expressly otherwise stated in the task order, the Contractor's deliveries of noncommercial technical data shall include physical delivery of the digital version of that technical data. The Contractor's deliveries of noncommercial computer software shall include physical delivery of a digital version of both the executable code and the annotated source code. This includes noncommercial data/software that was developed exclusively at private expense. As used in this paragraph, "physical delivery" means submission to the Government of the data/software in a predetermined format on appropriate digital storage media (e.g., CD-ROM), and, if specified in the delivery requirement, may also include submission of paper copies of that data/software. However, due to the variety and number of task orders contemplated under this contract, it may be mutually beneficial to modify the physical delivery requirement. Accordingly, the Contractor may, before delivery of the affected computer software or technical data, notify the Task Order Contracting Officer in writing that it intends to modify the physical delivery requirement. If the Task Order Contracting Officer accepts the modified physical delivery, the modified physical delivery shall be incorporated into the affected task order by modification.

H-3 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000) (RESTATED FROM BASIC CONTRACT)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has

an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any recompetition for those systems, components or services furnished pursuant to this contract. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the Contractor may, with the authorization of the SeaPort/Task Order Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the SeaPort/Task Order Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the SeaPort/Task Order Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the contract/Task Orders for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full

disclosure in writing to the SeaPort/Task Order Contracting Officer, the Government may terminate this contract/task orders for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The SeaPort/Task Order's Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in the basic contract or this task order.

(n) Compliance with this requirement is a material requirement of the basic contract and this task order.

H-4 CONTRACTOR PICTURE BADGE (DEC 1999) (SPAWAR H-323)

A list of personnel requiring picture badges must be provided to the COR to verify that the contract or delivery/task order authorizes performance at SPAWARSSYSCOM prior to completion of the picture badge request.

(b) An automobile decal will be issued by SPAWARSSYSCOM Security Office upon presentation of a valid contractor picture badge and the completion of the Badge and Decal Record.

(c) The contractor assumes full responsibility for the proper use of the identification badge and automobile decal, and shall be responsible for the return of the badge and/or destruction of the automobile decal upon termination of personnel or expiration or completion of the contract.

(d) At the completion of the contract, the contractor shall forward to SPAWARSSYSCOM Security Office a list of all unreturned badges with a written explanation of any missing badges.

(e) SPAWAR's responsibilities under the Freedom of Information Act are not affected by this clause.

(f) If SPAWAR satisfies the conditions listed in paragraph (d), the contractor and its subcontractors agree to indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, display, or disclosure of confidential business information provided by the contractor to the Government.
