# DOJ Information Technology Support Services (DOJ ITSS-4)

## Contract Number: DJJ11-C-2152

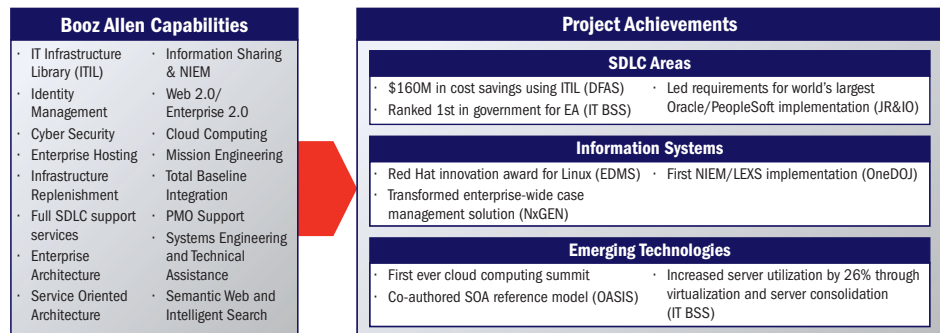

As the Department of Justice's (DOJ) mission of supporting the activities of the nation's law enforcement, judicial, and intelligence communities grows more complex, advancing the Department's technical capabilities has become increasingly critical. To procure assistance suited for the Department's needs, the DOJ Information Technology Support Services (DOJ ITSS-4) Blanket Ordering Agreement contract was established to manage a large number of programs varying in size, complexity, and scope to support the DOJ's mission.

### Booz Allen Can Help You Be Ready for What's Next

Booz Allen Hamilton is the #1 large technology and professional services company among those serving the federal IT market (Source: *Kennedy Information; The Vault*). We support the law enforcement community, providing electronic surveillance technologies, innovative information sharing solutions, and systems development support, including expertise in strategy and policy, organizational design, technology, and infrastructure. Booz Allen will ensure that the right combination of skills will be available to address the specific needs of your programs.

### Our Capabilities

The Booz Allen team brings the DOJ community extensive experience in all of the technical support areas identified in the "Our Service Offerings" section below. As this figure illustrates, our capabilities have translated into extensive experience with demonstrated results that provide value in helping DOJ meet its objectives.
