Transformation Twenty-One Total Technology (T4) Contract

Quick Guide to T4

Contract Number: VA118-11-D-1008

The goal of the Secretary of the U.S. Department of Veterans Affairs (VA) is to transform the VA into a high-performing 21st-century organization focused on our nation's veterans as its clients. To address the Secretary's challenges, Assistant Secretary Roger Baker has five major goals for the VA's Office of Information and Technology (OIT): (1) improve customer service, (2) manage projects to an outcome, (3) provide operational metrics, (4) ensure information protection, and (5) improve financial reporting. These five goals will enhance support across the VA's three major business functions: Veterans Health Administration (VHA), Veterans Benefits Administration (VBA), and National Cemetery Administration (NCA).

Through the T4 contract, the VA seeks to provide unique and flexible acquisition and technical expertise capable of rapidly implementing quality solutions through a lean process that satisfies customer mission requirements across the entire spectrum of federal agencies.

Booz Allen Can Help You Be Ready for What's Next

Booz Allen Hamilton, a leading strategy and technology consulting firm, combines a deep understanding of the VA's mission and environment with expert services and an absolute commitment to client success. Our public sector work has had a significant and positive impact on national security, economic well being, and the health and safety of countries around the world.

Booz Allen's reach stretches across the globe in support of all government agencies. Using our tremendous reachback to more than 25,000 professionals, we can apply technical skills across the entire scope of the T4 effort. Our team of 27 subcontractors—each selected for its unique capabilities and depth across the requirements of the T4 contract—and our commitment to meeting small business participation requirements enable us to provide our clients with a value-added resource in support of VA missions.

Booz Allen understands the environment in which government agencies must function and has established a sophisticated program office infrastructure to provide quick-reaction support capabilities. All of the capabilities available through the VA T4 contract allow clients to access our comprehensive expertise quickly—anywhere in the world—to accomplish their missions.

Why the T4 Contract?

- Is ideally suited for VA and other healthcare-oriented agencies
- Has broad and flexible work scope
- Awards urgent task orders rapidly
- Serves all government agencies
- Uses a streamlined competitive award process

The T4 contract offers the following capabilities:

- Full-service support from knowledgeable acquisition, engineering, small business, and legal professionals
- Performance-based work statements
- Access to “best in class” contractors
- Low administrative support cost
- Real-time access to web-enabled database for monitoring task order status
- Long period of performance
- Cost-reimbursable, firm-fixed price, and time and materials task orders

Why Booz Allen?

- Proven government leaders and experienced, skilled personnel
- Team structure, management processes, rapid response capabilities, and proven ability to manage large teams
- Commitment to effective subcontract management
- Relationships and understanding of the VA's mission

Booz Allen's Commitment to the T4 Team

The Booz Allen T4 team comprises “best in class” teammates representing the skill areas of the T4 Performance Work Statement. This team concept has the primary focus of achieving the best solution. The team is strong and proven—many of its members have successfully collaborated to support the VA's mission in the past. The VA's requirements demand more than the typical arms-length relationship between government and prime contractor and between prime and subcontractors. Booz Allen does not envision T4 support as a series of single transactions; rather, we see it as a long-term engagement in which all stakeholders—starting with the prime and including each subcontractor—are actively engaged in helping meet the challenges T4 faces over the next decade.

Booz Allen takes its commitment to small business very seriously. Our proven record of meeting small business goals is evidence of our dedication. The T4 team employs innovative methods to ensure we exceed small business utilization requirements. We share the VA's commitment to small business and have achieved successful results by partnering with small businesses on similar efforts.

Whether you're managing today's issues or looking beyond the horizon, count on us to help you be ready for what's next.
