## 11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

[ ] The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers [ ] is extended, [ ] is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:

(a) By completing Items 8 and 15, and returning one (1) copy of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS,  
IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

(\*) A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.

[ ]

[X] B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).

[ ] C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:

[ ] D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor [X] is not, [ ] is required to sign this document and return \_\_\_ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible )

## GENERAL INFORMATION

The purpose of this modification is to correct an administrative error found in Modification 79 for the line of accounting of SLIN 610011.

The Line of Accounting information for SLIN 610011 is hereby changed as follows:

610011:

From: **JP** 1721319 A5BJ 252 WS020 0 050120 2D 000000 A40001329256

To: **KB** 1721319 A5BJ 252 WS020 0 050120 2D 000000 A40001329256

The total amount of funds obligated to the task is hereby increased from \$6,985,662.50 by \$0.00 to \$6,985,662.50.

The total value of the order is hereby increased from \$9,728,957.00 by \$0.00 to \$9,728,957.00.

This change is at no additional cost to the Government or to the contractor. All other terms and conditions remain unchanged.

Note: Each Option consists of the Labor CLIN and its corresponding ODC CLIN, which will be exercised together.

NOTE: Exercise of option CLINs in award term periods are contingent upon the award term option period of the basic contract being exercised.

The Service Contract Act is not applicable to this task order.

#### LEVEL OF EFFORT:

The level of effort for the performance of this contract is based upon an anticipated total estimated level of effort of 120.992 man-hours of direct labor. The estimated composition of the 120.992 man-hours of direct labor can be found in the Level of Effort chart (Attachment 1). The Base and each Option period is estimated for a 1 year period of performance. The Government reserves the right to exercise partial options or full options before their estimated period of performance if the need arises.

The Small Business Subcontracting Plan submitted under RFP N00024-05-R-3329 is hereby incorporated in this order by reference.

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

### SECTION C - DESCRIPTION/SPECIFICATION

#### STATEMENT OF WORK

This is a performance based statement of work. The effort performed hereunder will be evaluated in accordance with the performance standards/acceptable quality levels described below and the evaluation methods described in provisions CAR-H09/H10 in Section H.

#### C.1. INTRODUCTION

The Naval Surface Warfare Center Carderock Division, Detachment Norfolk, Combatant Craft Division (CCD), [REDACTED] is a full spectrum, full lifecycle technical support center for all types of combatant craft, boats, watercraft, amphibious vessels/vehicles, Patrol Coastal Class ships, specialty craft/vessels, life rafts, unmanned vessels/vehicles, and associated systems (herein after referred to as watercraft) for the Department of Defense, other government entities, and the maritime community. CCD is chartered to support component organizations and outside agencies in these areas. CCD clients include the U.S. Navy, U.S. Special Operations Command, U.S. Army, U.S. Marine Corps, other DoD elements, U.S. Coast Guard and other non-DoD U.S. Government agencies, and the commercial maritime community.

#### C.2. SCOPE

The objective of this Task Order is to obtain a full range of program management, analysis, and subject matter expert support services to assist CCD to carry out its roles and responsibilities and meet its mission and the requirements of its customers and other stakeholders. The Task Order covers the functional areas of program and project management; strategic and business planning, analysis and execution; strategic and business communications; organizational and business enterprise analysis and improvement; acquisition management, planning and analysis; logistics management, planning, and analysis for special projects; test and evaluation management and planning; and cost analysis and cost modeling. Projects to be supported by this Task Order span the full-life cycle of research and development, acquisition, and sustainment for US Departments of Defense and Homeland Security and their Combatant Craft, Boats, and Watercraft, and include, but are not limited to, Naval Surface Warfare Special Operations Craft, Navy Expeditionary Combat Craft, Unmanned Surface Vehicles, Concept Technology Demonstrators, Navy IPO Foreign Military Craft Program, Office of Force Transformation Program, Ship and Force Architecture Program, Navy Standard Boats Program, US Army Watercraft Program, USCG Deepwater Program, and the associated strategic planning and business infrastructure necessary to support these projects.

#### C.3. REQUIREMENTS

##### C.3.1. General

The Contractor, shall furnish the material, services, and facilities (except those furnished by the government under the expressed provisions of the task order) necessary for the accomplishment of this work. Inherent in providing these goods and services, the Contractor shall provide the supervision and management necessary for the efficient and effective administration and control of work performed under the task order, including that work performed by its subcontractors. The Contractor shall ensure adequate resources are dedicated to satisfy the requirements of work assignments as tasked by individual technical instructions issued under the task order.

It is intended that the task order provide the flexibility for standard, urgent, complex or other support situations in fulfillment of the customer's needs. The performance of these services may be required at contractor facilities, government facilities, fleet operational sites, forward-deployed sites, or repair/construction industrial facilities. Approximately 75% percent of the labor hours for certain labor categories are estimated to be conducted onsite at CCD facilities; refer to the personnel qualifications section below for applicable onsite labor categories. The Contractor may be required to work on various projects at several sites simultaneously. Each work site location may require personnel from the various labor categories. The Contractor shall be capable of supporting efforts nationwide and worldwide. This may include travel for extended periods of time away from the home activity. Conduct of work

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>30 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

might be accomplished in support of watercraft in an operational readiness status. Therefore, scheduling and completion of work are critical. The Contractor shall provide a quick response capability (QRC) to meet unplanned/unscheduled needs in the support of urgent or emergent requirements. Inherent in this responsiveness is the responsibility in providing the required personnel skills necessary to effect satisfactory completion of work.

The majority of the work will be performed in Zone 3 of the current Seaport contract however, it is expected that work will be performed throughout all zones in the United States. The following will show the estimated breakdown of the amount of work to be performed per location: Zone 3 (82%); Zone 1 (2%); Zone 2 (5%); Zone 4 (2%); Zone 5 (2%); Zone 6 (5%); Zone 7 (2%). 70% of the work performed in Zone 3 is estimated to be conducted on-site at Government facilities.

The Contractor shall provide the necessary materials, services and facilities (except those furnished by the government under the expressed provisions of the task order) when issued a technical instruction, which will be issued under resultant task order by the Contracting Officer, hereinafter called the Ordering Officer, or her/his Designated Representative, hereinafter called the Task Order Manager (TOM). Work performed under this task order will be under the cognizance of the CCD and in accordance with CCD processes. The Contractor is responsible for meeting all of the customer's needs as defined in Statement of Work and the technical instruction, if applicable. Work performed under this task order will include:

- program and project management:
- strategic and business planning, analysis and execution:
- strategic and business communications; organizational and business enterprise analysis and improvement:
- acquisition management, planning and analysis:
- logistics management, planning, and analysis for special projects:
- test and evaluation management and planning:
- cost analysis and cost modeling.

### **C.3.2. Program and Project Management**

The Contractor shall provide program and project management support for designated CCD programs for all execution phases within the CCD mission. The Contractor shall assist in the development and implementation of management plans and strategies, technical program plans and control documents, milestone plans and tracking, resource loading plans and tracking, evaluations of program schedules, deliverable tracking to including the planning for and reviewing of program data deliverables, financial planning, funding distribution, and financial analysis. Assist with client responses to Government requests for proposal, assist with program reviews, support operational and performance testing and experimentation, and implement program and project management tools and processes (e.g., Earned Value Management; Microsoft Enterprise Project Server). The Contractor shall support Integrated Product Teams and Cross Functional Teams, compiling statistical data for reports and charts, file and document control and configuration management, and creation of presentations and briefings for associated teams and CCD management. The Contractor shall organize, attend or host, and facilitate associated program meetings, discussions, and conferences. This includes planning, coordinating, and executing the agenda for key meetings and conferences; preparation of meeting or conference materials; and drafting the minutes and action items for appropriate action. The Government will conduct reviews of the activities, provide technical direction, and approve all major activities undertaken by the Contractor.

### **C.3.3. Strategic and Business Planning, Analysis, and Execution**

The Contractor shall consider the short- and long-range strategic and business objectives of CCD and analyze trends, the market environment, competitors, other stakeholders, internal capabilities, technologies, and other drivers and factors that are directly and indirectly applicable to current and future strategic and business CCD priorities. The Contractor shall provide recommendations based on these analyses for progressing towards CCD objectives. The Contractor shall assist in drafting strategic and business plans, presentations, analysis reports, and other documents and material as required. The Contractor shall assist in implementing, monitoring the progress of, and measuring

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>31 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

the effectiveness of the plans and recommendations. Tasking includes facilitating strategic planning sessions, participating at conferences and workshops, performing Strengths, Weaknesses, Opportunities & Threats (SWOT) and other strategic analyses, conducting risk management analysis, and supporting decisions on existing and new business areas and opportunities.

#### **C.3.4. Strategic and Business Communications**

The Contractor shall provide research, planning, development, implementation, and evaluation of strategic and business communications. This support includes developing communications plans and strategies, conducting stakeholder analysis, assisting with messaging and brand identification and management, providing visual communications and media tools (web sites, brochures, fact sheets, presentations, videos, animation, posters, news releases, information kits, newsletters, graphics, etc.), implementing communications plans, developing and supporting marketing campaigns, assisting with media relations and stakeholder relationship management, and evaluating communications effectiveness.

#### **C.3.5. Organizational and Business Enterprise Analysis and Improvement**

The Contractor shall provide leadership, guidelines, approaches, analysis, assessments, tools, and techniques to plan and implement Business Process Improvement (BPI) projects in a broad range of business situations. This continuous improvement process shall focus on the customer base of CCD and include more efficient and effective policies, processes, organizations, information technologies, and physical infrastructures. The Contractor shall focus on improvement of the existing organization, business processes, and infrastructure to achieve improvements in critical, contemporary measures of performance, to include cost, quality, service, and speed. Tasking includes support for leading Lean/Six Sigma efforts and initiatives, conducting surveys, developing and implementing knowledge management tools and processes, developing communications and change management plans, conducting stakeholder and mission analyses, and providing training for new or modified processes and tools. This includes examining the CCD organizational model and reporting structures to ensure the most effective alignment of staff and resources.

#### **C.3.6. Acquisition Management, Planning, and Analysis**

The Contractor shall provide program and technical management, planning, and analysis support to assist CCD in executing the Defense Acquisition System and the Joint Capabilities Integration and Development System (JCIDS) as part of acquisition programs. This support includes conducting capabilities based assessments and analyses in support of Functional Area Analyses (FAAs), Functional Needs Analyses (FNAs), and Functional Solutions Analyses (FSAs); conducting Doctrine, Organization, Training, Materiel, Leadership and Education, Personnel and Facilities (DOTMLPF) analyses and developing DOTMLPF roadmaps; conducting Analyses of Alternatives (AoA); developing acquisition documents such as Initial Capabilities Documents (ICDs), Capability Development Documents (CDDs), and Capability Production Documents (CPDs); developing and analyzing integrated architectures; building models and simulations to support analyses; developing and implementing decision support tools to assist in quantifying acquisition decision criteria; designing, executing, and analyzing wargames to explore capabilities and concepts; conducting feasibility and trade studies; conducting market research; and facilitating the movement of acquisition documents through the required review chains.

#### **C.3.7. Logistics Management, Planning, and Analysis for Special Projects**

The Contractor shall provide management, planning, and analysis support for Performance Based Logistics (PBL); Integrated Logistics Support (ILS); Reliability, Availability, Maintainability (RMA); capacity modeling; and other logistics-related requirements for special watercraft programs and technology insertion projects. This support includes analyzing logistics processes, tools, and data; analyzing and developing models for capacities, sources, supply chains, distribution, transportation, inventories, etc.; developing and/or collecting and analyzing metrics and measurement data; and developing, making recommendations for, and implementing tools, processes, and measurements.

#### **C.3.8. Test and Evaluation Management and Planning**

The Contractor shall provide management and planning support for designated tests, trials, and evaluations as may

|                                  |                           |                                  |                  |       |
|----------------------------------|---------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>32 of 79 | FINAL |
|----------------------------------|---------------------------|----------------------------------|------------------|-------|

be required during research and prototype development, low rate initial production, full rate production, and in-service/sustainment periods of watercraft and watercraft systems. Testing and evaluation includes performance demonstrations, operational demonstrations, maintenance demonstrations, reliability testing, software Beta testing, supportability testing, independent verification and validation, and fleet experimentation. The T&E support includes management and planning of test facilities, platforms and equipment, test procedure development, test preparation and planning, test coordination and execution, test data collection, test results analysis, and test results reporting.

#### **C.3.9. Cost Analysis and Cost Modeling**

The Contractor shall provide cost effectiveness assessments and cost benefit analyses to determine the value of technical efforts and projects. These assessments and analyses include cost, benefit, and risk comparisons to determine tradeoffs among alternatives. For use in the development of cost analysis, the Contractor shall utilize design-to-cost concepts and develop life cycle cost models. Sensitivity analysis shall be performed to capture risks, identify key project variables requiring management attention, and establish confidence intervals for the estimates.

#### **C.4 TRAVEL**

Local and Long-distance travel will be required. Travel expenses invoiced to the Government shall be in accordance with Federal Travel Regulations (FTR); the Government will not reimburse expenditures that exceed the FTR. Round trips from Norfolk, VA per year are estimated as follows:

Portland, OR – 6 trips, 1 person, 5 days each

New Orleans, LA – 6 trips, 1 person, 3 days each

Gulfport, MS – 6 trips, 1 person, 3 days each

San Diego, CA – 18 trips, 1 person, 5 days each

Newport, RI – 6 trips, 1 person, 3 days each

Tampa, FL – 14 trips, 1 person, 3 days each

Baltimore, MD – 6 trips, 1 person, 3 days each

Washington, DC – 18 trips, 1 person, 2 days each

Honolulu, HI – 2 trips, 1 person, 5 days each

These destinations and the number of trips serve as a baseline for planning purposes; actual travel destinations and numbers of trips is expected to vary and will be directed by the TPOC or TOM and authorized by the Task Order Manager.

#### **C.5 QUALITY CONTROL**

##### **C.5.1. Quality Control Program**

The Contractor shall conduct all work in accordance with a formal and documented quality control program applicable to all types and phases of program management, analysis, and subject matter expert support services covered in this task order.

The quality of all services rendered in execution of this SOW shall conform to the highest standards in the relevant profession, trade, or field of endeavor. All services shall be rendered by or supervised directly by individuals fully qualified in the relevant profession, trade or field, and holding all licenses required by law.

In the event that any service or product furnished by the Contractor is found, prior to acceptance, to be defective or not in accordance with the requirements of the task order, the Government shall have the right to reject such service or product, and to require its correction or replacement at the Contractor's expense.

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>33 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

### C.5.2. Performance Evaluation

The quality of the Contractor's performance will be evaluated in accordance with the basic Contract and Task Order requirements in Section H (see Attachment).

### C.6 STANDARDS/SPECIFICATIONS/REFERENCES

The contractor shall adhere to the following documents in the performance of work under this Task Order:

- (a) DoD Directive 5000.1: The Defense Acquisition System
- (b) DoD Instruction 5000.2: Operation of the Defense Acquisition System
- (c) CJCSI 3170.01E: Joint Capabilities Integration and Development System
- (d) CJCSM 3170.01B: Operation of the Joint Capabilities Integration and Development System
- (e) SECNAVINST 5000.2C: Implementation and Operation of the Defense Acquisition System and the Joint Capabilities Integration and Development System
- (f) CCD Business and Technical Process Instructions and Standards

Other documents not listed above may also be invoked, as required.

### C.7 PERSONNEL QUALIFICATIONS

#### C.7.1 General

The Contractor shall be responsible for employing technically qualified personnel to perform the tasks to be ordered hereunder. The Contractor shall maintain the personnel, organization, and administrative control necessary to ensure that the work delivered meets the task order requirements. The work history of each employee should contain experience directly related to the task and functions he/she intends to perform under this task order.

The Government reserves the right, during the life of this task order, to request work histories on any Contractor employee for purposes of verifying compliance with this requirement. Personnel assigned to or utilized by the Contractor in the performance of this task order shall, as a minimum, meet the experience, educational, or other background requirements set forth herein, or proposed and accepted by the Government, and be fully capable of performing the contemplated functions of the respective labor categories in an efficient, reliable, and professional manner.

If the contracting officer questions the qualifications or competence of any person performing under the task order, the burden of proof to sustain that the person is qualified as prescribed herein shall be upon the Contractor.

#### C.7.2 Required Personnel

The following personnel may be required in the performance of any technical instruction under this contract. Persons filling these positions should meet the following target educational/experience requirements (\* denotes Key personnel; # denotes labor categories for which approximately 75% of the effort will be conducted onsite at CCD facilities):

1. Senior Program Manager \*: A Master's degree from an accredited institution in an engineering, business administration, or managerial field plus 10 years of combined general, related and specialized experience; or a Bachelor's degree from an accredited institution in an engineering field or managerial field plus 15 years of combined general, related, and specialized experience. This combined experience should include five years of specialized experience as a successful manager of a team of skilled professional, technical and support personnel. He/she should have experience working with US Government organizations.

2. Program Manager\*#: A Master's degree from an accredited institution in an engineering, business administration, or managerial field, plus four years of combined general, related and specialized experience; or a Bachelor's degree

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>34 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

from an accredited institution in an engineering field or managerial field plus nine years of combined general, related, and specialized experience. Experience should demonstrate successful business and strategic planning, or organizational business enterprise improvement management, or watercraft acquisition program management, or watercraft logistics program planning, or watercraft test and evaluation program management.

3. Senior Project Engineer\*#: A Bachelor's degree in engineering or naval architecture from an accredited college or university or a Professional Engineer's (PE) License and 10 years experience in the operation, maintenance, design, or testing of watercraft and watercraft systems and equipment directly related to this Statement of Work (SOW). The last five years of this experience should be similar in scope, magnitude, and complexity, as those listed in the SOW. A Master's degree may be used to substitute for five years of overall experience. He/She should be level III certified in the Defense Acquisition Workforce Improvement Act (DAWIA) Systems Planning, Research, Development, and Engineering (SPRDE) or Program Management (PM) field, or should have successfully completed equivalent training and experience (refer to the Defense Acquisition University website: [www.dau.mil](http://www.dau.mil)).

4. Project Engineer#: A Bachelor's degree in engineering or naval architecture from an accredited college or university or a Professional Engineer's (PE) License and four years experience in the operation, maintenance, design, or testing of watercraft and watercraft systems and equipment directly related to this Statement of Work (SOW). The experience should be similar in scope, magnitude, and complexity, as those listed in the SOW. He/She should be level II certified in the Defense Acquisition Workforce Improvement Act (DAWIA) Systems Planning, Research, Development, and Engineering (SPRDE) or Program Management (PM) field, or should have successfully completed equivalent training and experience (refer to the Defense Acquisition University website: [www.dau.mil](http://www.dau.mil)).

5. Senior Analyst\*#: A Bachelor's degree (Bachelor of Arts (BA) or Bachelor of Science (BS)). He/she should demonstrate eight years experience in the collection, maintenance and verification of data from diverse sources and in the structuring of fairly complex data analysis plans. Experience should demonstrate the preparation and delivering of presentations dealing with the status of projects, technical or management systems, and/or management and technical problems and proposed solutions. Advanced technical training and six years of additional related experience may be substituted for the BA or BS degree.

6. Analyst: A Bachelor's degree (BA or BS). He/she should demonstrate four years experience in the collection, maintenance and verification of data in accordance with plans developed by others, including data from diverse sources and that frequently requires interpretation. Experience should demonstrate the analysis of data to identify trends and potential technical and management problems. Advanced technical training and six years of additional related experience may be substituted for the BA or BS degree.

7. Junior Analyst: A Bachelor's degree (BA /BS) and working experience supporting technical and program objectives by collecting data from readily available sources and reporting it in predetermined formats, including verification of adequacy/accuracy of information noting variations which may require further investigation or effort. Advanced technical training and six years of related experience may be substituted for the BA or BS degree.

8. Quality Specialist: An Associates degree from an accredited college or university, and five years of experience in developing and documenting production processes and procedures. Experience should demonstrate knowledge of and success in implementing military and commercial quality programs and directives.

9. Logistician: An Associate of Science degree from an accredited college or university, or be a graduate of military schools which have provided and in-depth knowledge of naval shipboard systems maintenance and operation. Four years experience in the development of Integrated Logistics Support of systems and equipment directly related to watercraft systems/equipment design, development, acquisition, testing, and in-service sustainment is desired. A minimum of two years of experience should be directly related to supply support.

10. Training Support Specialist: An Associate's degree from an accredited college or university, or be a graduate of military schools that have provided an in-depth knowledge of training techniques and curriculum development, and should possess three years of experience. Experience should demonstrate the ability to gather, analyze, edit, and prepare system/course training information, conduct necessary research and ensure the use of proper systems and documentation standards, and evaluate curriculum requirements and user needs ensuring operational requirements are met.

11. Typist/Data Processor: A high school graduate or equivalent. Three years experience in word processing, data entry, formatting, and operation of word processing equipment, and two years experience in use of spreadsheet

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>35 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

software and briefing presentation software is desired.

12. Senior Technical Writer: A Bachelor of Science or Arts degree from an accredited college or university, and eight years experience performing technical writing functions for DoD assets in preparing and editing technical documents such as technical information/repair/operations manuals, technical reports, project plans, and strategic plans. Experience should demonstrate three years experience in use of computer graphics and publishing tools and software. Two years experience should be related to watercraft publications/reports. An Associates degree and an additional three years of experience may be substituted for the Bachelor's degree.

13. Technical Writer: A Bachelor of Science or Arts degree from an accredited college or university, and should have three years experience performing technical writing functions for DoD assets in preparing and editing technical documents such as technical information/repair/operations manuals, technical reports, project plans, and strategic plans. Experience should demonstrate use of computer graphics and publishing tools and software, with two years related to watercraft publications/reports. An Associates degree and an additional three years of experience may be substituted for the Bachelor's degree.

14. Graphics Illustrator: An Associates degree from an accredited college or university, and should have three years of experience in preparing and editing graphics, pictures, and other forms of artwork. Experience should demonstrate at least two years experience in use of computer graphics and publishing tools and software.

15. Senior Computer Programmer/Scientist: A Bachelor's degree in Computer Engineering, Computer Science, or other related field, from an accredited college or university, and 10 years of relevant experience, including a sound familiarity with programming techniques and various programming languages. He/she should have demonstrated ability to provide technical guidance and skills in support of information systems development and integration efforts. A Master's degree may be used to substitute for five years of experience. Advanced training in the field of computer programming and an additional eight years of relevant computer programming experience may be used to substitute for the Bachelor's degree.

16. Computer Programmer/Scientist: A Bachelor's degree in Computer Engineering, Computer Science, or other related field, from an accredited college or university, and four years of relevant experience. Experience should demonstrate the ability to prepare detailed specifications and computer software programs including integrating, testing, and debugging of software components. Advanced training in the field of computer programming and an additional eight years of relevant computer programming experience may be used to substitute for the Bachelor's degree.

## C.8 TECHNICAL CONFERENCES/REVIEW MEETINGS

The Contractor's Senior Program Manager shall meet monthly (or as required by the Government) with the Task Order Manager and other Government technical representatives as necessary to review the Contractor's performance in providing services under this task order and to resolve other issues pertaining to Government/Contractor procedures. Written minutes of these meetings shall be prepared by the Contractor, signed by the Contractor's designated representative, and furnished to the Government within two workdays of the subject meeting.

Contractor personnel shall be available for informational meetings with technical personnel at CCD or at the Contractor's facility to discuss the direction, progress, results, and/or problems that occur during the performance under this task order.

## C.9 DELIVERABLES (DATA REQUIREMENTS)

Monthly Status Report - The contractor shall provide a monthly status report describing the work accomplished under the task during the period, any difficulties encountered, and any problems, and provide any associated recommendations. The report shall be submitted monthly during the period of performance in accordance with the Data Deliverables Table below.

Weekly Progress Reports - The Contractor shall provide a weekly financial report that tracks and reports on each funding account (individual government job order numbers) separately to maintain strict control of the multiple sponsor tasks and types of accounting that will be used to

incrementally fund this task order. For each technical instruction issued, the report shall detail the expenditures

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>36 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

(number of man-hours for each person listed by name and associated labor category; material, services and supplies purchased; travel expenses; etc.) accrued against each funding account. The report shall show expenditures for the current reporting period; dates of current reporting period; cumulative expenditures to date; funds remaining for each account; projection of date when current fund increment will be expended; and total expenditures for the technical instruction. The report shall be submitted weekly during the period of performance in accordance with the Data Deliverables Table below.

Miscellaneous deliverables and data - Specific deliverables and data requirements will be tailored for each particular technical instruction and will be identified by the Government as a part of the requirement of that particular segment of the task Reports, proposals, estimates, meeting minutes, presentations (slides, photographs, brochures, posters, DVDs, etc.), acquisition documents, plans, communication documents, data files and databases, logistics documents, test documents, procedures, training documents, and other miscellaneous documents being delivered to CCD shall be in the format defined by the approved CCD process, standards or technical instruction.

#### DATA DELIVERABLES TABLE:

##### Deliverable Due Date

Monthly Status Report NLT the 10th calendar day of each month

Weekly Update Report NLT 5 working days after completion of current reporting period

Miscellaneous As directed in Specific Task Instruction

#### **C.10. DATA USE AND DISCLOSURE AND HANDLING OF SENSITIVE INFORMATION**

The Contractor shall maintain, transmit, retain in strictest confidence, and prevent the unauthorized duplication, use, and disclosure of information. The Contractor shall provide information only to employees, Contractors, and subcontractors having a need to know such information in the performance of their duties for this Task Order.

The Contractor shall assume responsibility for protecting the confidentiality of Government records, which are not public information. Each employee of the Contractor and subcontractors to whom information may be made available or disclosed shall be notified in writing by the contractor that such information may be disclosed only for a purpose and to the extent authorized herein.

Performance of work under this Task Order may require the Contractor to access and use data and information proprietary to a Government agency or Government Contractor, which is of such a nature that its dissemination or use, other than in performance of work under this Task Order, would be adverse to the interests of the Government or others.

Contractor personnel shall not divulge or release data or information developed or obtained in performance of work under this Task Order, until made public by the Government, except to authorized Government personnel or upon written approval of the CO. The Contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as required in the performance of work under this Task Order. Nothing herein shall preclude the use of any data independently acquired by the Contractor without such limitations or prohibit an agreement at no cost to the Government between the Contractor and the data owner that provides for greater rights to the Contractor.

All data received, processed, evaluated, loaded, and/or created as a result of this Task Order shall remain the sole property of the Government unless specific exception is granted by the Contracting Officer.

#### **C.11. GOVERNMENT FURNISHED INFORMATION (GFI) AND MATERIAL (GFM)**

Any required Government Furnished Information will be provided as an attachment to the appropriate technical instruction.

Due to the sensitive nature of some technical and financial information required to accomplish some of these tasks, when directed by the TPOC or TOM, the Contractor's employees will be required to sign non-disclosure

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>37 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

agreements prior to exposure to task related documents and information.

Information made available to the contractor by the Government for the performance or administration of work under this Task Order shall be used only for those purposes and shall not be used in any other way without the written agreement of the Contracting Officer.

If public information is provided to the contractor for use in performance or administration of work under this Task Order, the contractor except with the written permission of the Contracting Officer may not use such information for any other purpose. If the contractor is uncertain about the availability or proposed use of information provided for the performance or administration, the contractor will consult with the TOM regarding use of that information for other purposes.

The Government may furnish some material under this task order. Any GFM to be furnished shall be identified in individually placed technical instructions. The government may provide computer equipment for Contractor employees that are on-site. If requested, the Contractor shall provide computer equipment for Contractor personnel on-site.

#### **C.12. SECURITY**

The Department of Defense Contract Security Classification, DD Form 254 (see attachments), itemizes the security classification requirements for this task order. The work to be performed under this task order involves access to, and handling of, classified material up to and including TOP SECRET.

Accordingly, the Contractor shall have or obtain a Facility Security Clearance and obtain security clearances on certain key and non-key personnel as specified on the DD Form 254. An applicable DD Form 254, Contract Security Classification Specification, will be issued with each technical instruction under the task order whenever the basic DD 254 does not provide sufficient classification guidance.

The Contractor shall provide clearance information data to CCD prior to technical instruction start date. Data to include list of all Contractor personnel supporting the task, social security numbers, addresses, citizenship, and level of clearance.

#### **C.13. CONTRACTOR FACILITIES**

Work done under this Task Order will be performed at both the CCD government facilities onboard the Little Creek Amphibious Base in Norfolk, VA and at the Contractor's facility, as required to meet task requirements, security requirements, and government facility space constraints.

The Contractor shall have a functioning main office within a reasonable proximity of Gate 1 of the Naval Amphibious Base Little Creek, VA that enables timely and efficient routine visits between contractor personnel and government personnel for liaison with appropriate officials and performance of work. The office facilities shall have the furnishings for a standard office space and conference room in support of expected number of personnel including:

- a. Computer equipment compatible with Microsoft (MS) Windows as the standard Network Operating System and MS Office 2003 (or later) core products (Word, Excel, Outlook, Access and PowerPoint) as the standard office software. The use of Open Architecture Relational Data Base Management System and Web applications is required. The use of MS Project 2003 (or later) is required.
- b. FAX, copier, scanner, and telephone and other resources usually found in a functioning office environment.

The requirement for maintaining these facilities shall not be construed to mean that the Government will be obligated to pay any direct costs in connection therewith. Further, the Contractor shall not be entitled to any direct payment in connection with any personnel set in readiness at or brought into such facility in preparation or in exception of work to be performed under the task order. Payment for labor hours and materials will be made only for such hours and materials actually expended in performance under the task order.

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be 120.992 total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that 4.211 man-hours are uncompensated effort.

Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately 465 (5 year average) hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

$$\text{Fee Reduction} = \text{Fee} \times ((\text{Required LOE} - \text{Expended LOE}) / \text{Required LOE})$$

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

|----------------------------------|----------------------------|----------------------------------|------------------|-------|

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun: (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

(End of Clause)

#### SEA 5252.232-9104 ALLOTMENT OF FUNDS (MAY 1993)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

Informational SLINs for incremental funding are listed in Section B and the period of performance for each CLIN is specified in Section F.

Period of Performance is as follows:

CLINS 1000.3000 --20 SEP 07 THRU 1 DEC 09  
CLINS 1100.3100 --20 SEP 07 THRU 31 JAN 10  
CLINS 4000.6000 --1 FEB 10 THRU 31 JAN 11  
CLINS 4100.6100 --1 FEB 11 THRU 31 JAN 12  
CLINS 4200.6200 --1 FEB 12 THRU 26 SEP 12

(b) The parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable.

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the from the costs of performance of fully funded CLINs/SLINs.

## FUNDING PROFILE

Incremental funding in the amount of \$5,775,214.21 is hereby obligated under this order. In accordance with the contract clause 52.232-22 of the general provisions of this contract, no legal liability on the part of the Government for payment in excess of \$5,775,214.21 shall arise unless additional funds are made available and are incorporated as a modification to this task order.

| CLIN     | COST         | FEE | TOTAL           |
|----------|--------------|-----|-----------------|
| 1000     |              |     | \$1,764,819.00  |
| 1100     |              |     | \$1,832,188.62  |
| 4000     |              |     | \$1,153,469.40  |
| 4100     |              |     | \$1,931,128.48  |
| SUBTOTAL |              |     | \$ 6,681,695.50 |
| 3000     | \$115,000.00 |     | \$115,000.00    |
| 3100     | \$ 55,000.00 |     | \$ 55,000.00    |
| 6000     | \$ 55,477.00 |     | \$ 55,477.00    |
| 6100     | \$ 78,580.00 |     | \$ 78,580.00    |
| SUBTOTAL |              |     | \$304,057.00    |

## CAR-G11 INVOICE INSTRUCTIONS (OCT 2006) (NSWCCD)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Sea Systems Command (NAVSEA) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The following information regarding invoice routing is provided for completion of the invoice in WAWF:

|                                  |              |
|----------------------------------|--------------|
| WAWF Invoice Type                | Cost Voucher |

|----------------------------------|----------------------------|----------------------------------|------------------|-------|

## DCAA Auditor DODAAC (if applicable) HAA47B

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:

[REDACTED]

(f) The contractor shall submit invoices for payment per contract terms and the government shall process invoices for payment per contract terms.

(g) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact at (301) 227-1172.

(End of Clause)

## SECTION H SPECIAL CONTRACT REQUIREMENTS

Clause HQ C-2-0037 "Organizational Conflict of Interest" (NAVSEA) (JUL 2000) is hereby invoked in accordance with the Basic Contract.

CAR-H09 Performance-Based Acquisition Evaluation Procedures for a SeaPort e Task Order (MAR 2006) (NSWCCD)

(a) Introduction: The contractor's performance on this task order will be evaluated by the Government, in accordance with this task order clause. The first evaluation will cover the period ending twelve months after the date of task order award with successive evaluations being performed for each twelve-month period thereafter until the contractor completes performance under the task order. Based on the evaluation results, the PCO will assign an overall performance rating in accordance with paragraph (b) of this clause. The purpose of the evaluation is to determine remedies that may be invoked due to "Unsatisfactory" performance. If the PCO assigns an "Unsatisfactory" performance rating for the period evaluated, the PCO may take unilateral action, in accordance with clause 52.246-5 entitled "Inspection of Services-Cost Reimbursement", dated Apr 1984, in Section E of the base contract, to provide for a fee reduction covering the performance period evaluated. This clause provides the basis for evaluation of the contractor's performance and for determining if the fee amount should be reduced due to "Unsatisfactory" performance.

(b) Performance Ratings: The Government will evaluate the contractor's performance of the Statement of Work under the task order for each twelve month period of performance, using the measurable performance standards set forth in the Performance Requirements Summary Table in the SOW, or elsewhere in the task order, and the PCO will assign one of the following ratings:

- (1) Excellent
- (2) Very Good
- (3) Satisfactory
- (4) Unsatisfactory

The standards associated with these ratings are given in the following Table 1.

Table 1: Overall Performance Ratings

For The Evaluation Period

| Overall Performance Rating | Standard   |
|----------------------------|--|
| Excellent                  | "Excellent" ratings for all performance evaluation criteria.   |
| Very Good                  | A combination of "Excellent" and "Satisfactory" ratings determined by the PCO to exceed Satisfactory" overall. |
| Satisfactory               | A minimum of "Satisfactory" ratings for all performance evaluation criteria.                                   |
| Unsatisfactory             | A rating of "Unsatisfactory" for one or more performance evaluation criteria.                                  |

(c) Evaluation Objective: The purpose of the evaluation and the inclusion of a remedy to the Government for unsatisfactory contractor performance under this task order is to ensure that the Government receives at least

|                                  |                            |                                  |                  |       |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|
| CONTRACT NO.<br>N00178-04-D-4024 | DELIVERY ORDER NO.<br>EHP1 | AMENDMENT/MODIFICATION NO.<br>87 | PAGE<br>74 of 79 | FINAL |
|----------------------------------|----------------------------|----------------------------------|------------------|-------|

“Satisfactory” overall performance.

(d) Performance Evaluation Criteria: The contractor’s performance will be evaluated on an annual basis using the criteria and standards provided for each task objective in the Performance Requirements Summary Table, and considering the criterion in Tables 2 through 4 of this task order clause.

(e) Organization: The performance evaluation organization consists of the Procuring Contracting Officer (PCO), who will serve as the Evaluation Official, and the Task Order Manager (ToM).

(1) ToM: The ToM will provide ongoing performance monitoring, evaluate task performance based on the task order Performance Requirements Summary, prepare the evaluation report, including a recommended overall performance rating, and submit the report to the PCO for final decision within thirty days after the end of the evaluation period. The ToM will maintain the written records of the contractor’s performance so that a fair and accurate evaluation is made.

(2) Procuring Contracting Officer (PCO): The PCO is responsible for properly administering the performance evaluation process, maintaining the official performance evaluation file, and making the decision about the overall performance rating and whether to reduce the fee if performance is rated as unsatisfactory.

(f) Evaluation Schedule: Each performance evaluation will cover the previous twelve months of performance. The Government will evaluate all work under the task order performed by the contractor during the twelve-month period. Following each evaluation period, the PCO (or Contract Specialist if so designated by the PCO) and the ToM will hold a meeting with the contractor’s Senior Technical Representative to review performance under the task order during the previous twelve months, including overall trends, specific problem areas, if any, and their resolution. Other Government and contractor personnel may also participate as deemed appropriate.

(g) Contractor’s Self-Evaluation: The contractor may also submit a Self-Evaluation Report for consideration. The report must include an overall performance rating for the task order, covering the evaluation period, and may include whatever information the contractor deems relevant to support that rating. The report shall not exceed two (2) pages in length.

(h) Performance Evaluation: The PCO will make the decision on the overall performance rating for the work performed under the task order within thirty days after receipt of the evaluation report from the ToM. The decision will be based upon the ToM’s recommendations, the contractor’s comments, including any Self-Evaluation Report, and any other information deemed relevant by the PCO. The PCO shall resolve disagreements between the ToM’s recommendations and the contractor’s comments/report regarding the evaluation. The PCO will provide a copy of the evaluation report, including the overall rating, to the contractor within five working days after completion of the evaluation.

(i) Contractor’s Review of the Evaluation Report: Contractors shall be given a minimum of 15 calendar days to submit comments, rebut statements, or provide additional information. The PCO shall consider the contractor’s submission and respond as appropriate. Although the PCO will consider the contractor’s comments, rebuttals, or additional information, the PCO may, or may not, change the overall rating. The decision to change the rating based on contractor input at this stage is solely at the discretion of the PCO.

(j) This performance evaluation does not replace any other requirement for evaluating contractor performance that may be required by the base contract, such as a Contractor Performance Assessment Reporting System (CPARS) report, or a Task Order Performance Evaluation (TOPE).

TABLE 2: TASK PERFORMANCE EVALUATION CRITERIA AND STANDARDS

| Criterion        | UNSATISFACTORY   | SATISFACTORY   | EXCELLENT   |
|------------------|--|--|---|
| Task Performance | Work product fails to meet Acceptable Quality Levels (AQLs) defined in Performance | Work product routinely meets Acceptable Quality Levels (AQLs) defined in Performance | Work product frequently exceeds Acceptable Quality Levels (AQLs) defined in Performance |

|                |  |  |   |
|----------------|--|--|---|
| Communications | Contractor often fails to communicate with government in an effective and timely manner. | Contractor routinely communicates with government in an effective and timely manner. | Government concerns. Contractor takes a proactive approach such that communications are almost always clear, effective, and timely. |
|----------------|--|--|---|

TABLE 4: COST EFFICIENCY PERFORMANCE EVALUATION CRITERIA AND STANDARDS

| CRITERION      | UNSATISFACTORY   | SATISFACTORY  | EXCELLENT   |
|----------------|--|---|---|
| CostManagement | Contractor routinely fails to complete the effort within the originally agreed to estimated cost, i.e. cost overruns frequently occur. | Contractor routinely completes the effort within the originally agreed to estimated cost. Contractor provides measures for controlling all costs at estimated costs. Funds and resources are generally used in a cost-effective manner. No major resource management problems are apparent. | Reductions in direct costs to the Government below contract estimated costs are noteworthy. Contractor provides detailed cost analysis and recommendations to Government for resolution of problems identified. Funds and resources are optimally used to provide the maximum benefit for the funds and resources available. Documented savings are apparent. |
| CostReporting  | Reports are generally late, inaccurate incomplete or unclear.  | Reports are timely, accurate, complete and clearly written. Problems and/or trends are addressed, and an analysis is also submitted.  | Reports are clear, accurate, and pro-active. Problems and/or trends are addressed thoroughly, and the contractor's recommendations and/or corrective plans are implemented and effective.   |

See Attachment CAR-H10 PERFORMANCE REQUIREMENTS SUMMARY TABLE

#### H-5 TASK ORDER PROCESS

J. Ombudsman Description. In accordance with FAR 16.505(a)(7), no protest under FAR Subpart 33.1 is authorized in connection with PCO decisions regarding fair opportunity or the issuance of a TO under this contract, except for a protest on the grounds that a TO increases the scope, period, or maximum value of the contract. The Local Warfare

#### OPTION TO EXTEND THE TERM OF THE CONTRACT

(a) The Government may extend the term of this task order under option CLINs/SUBCLINs by written notice to the Contractor on or before 365 days from the Task Order or Option Award Date; provided, that the Government gives the Contractor a preliminary written notice of its intent to exercise the option(s) at least five days before the task order expires. The preliminary notice does not commit the Government to an extension. The Government reserves the right to exercise partial options or full options before their estimated period of performance if the need arises.

(b) The total duration of this task order, including the exercise of any options under this clause, shall not exceed five years.

## SECTION I CONTRACT CLAUSES

### 52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed \$0.00 or the overtime premium is paid for work --

(End of Clause)

### CAR-I18 TECHNICAL INSTRUCTIONS (DEC 2001)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Task Order Manager. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor that suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the statement of work.

(2) Guidelines to the Contractor that assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the task order. Technical instructions may not be used to :

(1) assign additional work under the task order:

(2) direct a change as defined in the "Changes" clause of the base contract:

(3) increase or decrease the contract price or estimated amount (including fee), as applicable.

the level of effort, or the time required for task order performance; or

(4) change any of the terms, conditions or specifications of the task order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the task order

or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contracting Officer notifies the Contractor that the technical instruction is within the scope of this task order.

(d) Nothing in the paragraph (c) of this clause shall be construed to excuse the Contractor from performing that portion of the task order statement of work which is not affected by the disputed technical instruction.

(End of Clause)
