(b) Computation of Fee

The fee per direct labor hour is computed by dividing the fixed fee amount shown in Section B by the estimated number of direct labor hours.

(c) Modifications

If the Contracting Officer determines, for any reason, to adjust the estimated number of direct labor hours set forth above, such adjustments shall be made by task order modification. Any additional hours will be fee bearing, and the additional negotiated fee will be divided by the additional hours to determine a new payment of fee rate (applicable to the additional hours only). If the payment of fee rate for the additional hours is different from the payment of fee rate for the original hours, the additional hours shall be kept separate from the original hours. The Contracting Officer may increase the estimated cost of the task order due to cost overruns (no additional hours required). Such increase in estimated cost is non-fee bearing.

(d) Payment of Fee

The Government will pay the contractor a fixed fee on each direct labor hour performed by the Contractor or

This reserve shall not exceed 15 percent of the total fixed fee or \$100,000, whichever is less. Any balance of fixed fee shall be paid to the Contractor, or any overpayment of fixed fee shall be repaid by the contractor, at the time of final payment.

NOTE: The fee shall be paid to the prime contractor at the per hour rate specified in this paragraph regardless of whether the contractor or subcontractor is performing the work.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

C-1 SPECIFICATIONS/STATEMENT OF WORK (DEC 1998) (SPAWAR C-301)

Work under this task order shall be performed in accordance with Attachment No. 1, Performance Work Statement (PWS), and Attachment No. 2, Contract Data Requirements List (CDRL).

C-2 QUALITY ASSURANCE PLAN

(a) Objective: The purpose of this plan is to provide a quality assurance plan for the services contracted under this task order. This plan provides a basis for the Task Order Manager (TOM) to evaluate the quality of the Contractor's performance. The oversight provided for in this plan, and the remedy established, will help ensure that service levels are of high quality throughout the task order term.

(b) Performance Standards:

1. The deliverables under this task order will be consistently technically accurate.
2. The services delivered under this task order will be consistently of high quality.
3. The Contractor's cost control efforts under this task order will be consistently effective (applicable to cost reimbursement task orders).
4. The Contractor will be consistently responsive to Government customers in its performance of this task order.
5. For the purposes of this plan, "consistently" is defined as "generally holding true", "persistently over time", and/or "uniformly overall."

(c) Evaluation Methods: The TOM will conduct performance evaluations based on the standards in paragraph (b) above using the following technique:

1. During the performance period of the task order, the TOM will continually and proactively monitor contractor efforts and obtain input from other Government personnel with performance oversight functions to ascertain the level of compliance with the Performance Standards.
2. Every 12 months after the effective date of the task order, a Contractor Performance Assessment Report (CPAR) will be prepared to document the results of the efforts performed under paragraph (c) 1 above.

(d) Remedy

1. If the annual performance evaluation indicates that the Contractor has not met one or more of the Performance Standards, the CPAR will reflect the negative evaluation for the applicable

Performance Standards.

2. This is a significant negative remedy as the CPAR is a key part of the performance monitoring process which determines the contractor's ability to earn term extensions to its basic SeaPort-e contract in accordance with the Award Term provisions contained therein.

C-3 SECURITY REQUIREMENTS (DEC 1999) (SPAWAR C-313)

The work to be performed under this contract as delineated in Attachment No. 3, DD Form 254, involves access to and handling of classified material up to and including SECRET. In addition to the requirements of FAR clause 52.204-2, Security Requirements, the Contractor shall

observed by the Contractor in accordance with the practice as observed by the assigned Government employees at the using activity.

(c) If the Contractor is prevented from performance as the result of an Executive Order or an administrative leave determination applying to the using activity, such time may be charged to the contract as direct cost provided such charges are consistent with the Contractor's accounting practices.

(d) This task order does not allow for payment of overtime during the normal workweek for employees who are not exempted from the Fair Labor Standards Act unless expressly authorized by the Contracting Officer. (d) Trafficking in illegal drug and drug paraphernalia by Contractor employees while on a military vessel/installation may lead to possible withdrawal or downgrading of security clearance, and/or referral for prosecution by appropriate law enforcement authorities.

(e) The Contractor is responsible for the conduct of Contractor employees performing work under this contract, and shall ensure that Contractor employees are notified of these provisions prior to their assignment to work under this task order.

(f) The removal of Contractor personnel from a Government vessel or installation as a result of the drug offenses shall not be cause for excusable delay, nor shall such action be deemed a basis for an equitable adjustment to price, delivery or other provisions of this contract.
